Chrysalis

Are you looking for an inspirational space to hold an event or run a project that brings people together? Chrysalis is perfect for explorations and gatherings of all kinds, and available to hire on a one-off or ongoing basis.

“Chrysalis is a beautiful space, such an amazing focal point and is so flexible and adaptive to different situations”

Kate Green, Newton Abbot Museum

Chrysalis is a mobile space for gatherings of all kinds, a cabinet of curiosity for people, place and planet, that can be used as a drop-in event hub, creative workshop space, meeting room, small exhibition space, festival feature, or in any other way that you can imagine. Co-designed with South Devon communities as a mobile learning space, and beautifully handcrafted inside from local Secoya wood, Chrysalis is a highly original, welcoming venue in which to bring people together.

Chrysalis offers:

- Space for up to 20 people at one time to flow easily inside and out
- Empty cabinets and shelving for display and other uses
- Large Notice board
- Interactive activities to generate reflection and conversation about the Climate and Ecological Emergency
- A fully wheelchair accessible space
- Indoor seating for 6 people

around a flexible table/work surface

- Outdoor canopy area with seating for 6 people around a table
- Small covered balcony area that could be used as a stage
- Heating, lighting, and power sockets
- A sink and small cooker

If you are interested in the possibility of hiring Chrysalis please contact us to discuss your idea. Chrysalis can be hired as a self-drive vehicle, with a driver or with facilitators to support events. You can see examples of Chrysalis in action by following @chrysalis_encounters on Instagram or on our website.

Cost: There is a sliding scale of hire charges- please enquire

Encounters is a group of artists, producers, facilitators and change agents. Our mission is to create the conditions for a creative, caring, connected world in which all can learn to flourish, living together within the Earth's ecological limits.
